PACD Announces State Level Poster Contest Winners

The Pennsylvania Association of Conservation Districts (PACD) is pleased to announce the state winners of the 2010 National Association of Conservation Districts (NACD) Poster Contest. The theme for this year's contest is "Conservation Habits = Healthy Habitats". PACD will forward the winning posters to NACD for judging at the national level. The state winners in each of the five grade categories are:

Kelly Long	grade K-1	Clinton County
Austin Miller	grade 2-3	Carbon County
Emma Sawyer	grade 4-6	Carbon County
Christa Beveridge	grade 7-9	Northumberland County
Jenette Stadnik	grade 10-12	Carbon County

To view photos of the winning posters, click [here](#).

The annual NACD poster contest, open to students in grades K-12, offers young people an opportunity to express their views on natural resource issues through the medium of art. The contest accepts posters judged to be the best in each state across the nation and submissions are judged in five age categories according to the conservation message, visual effectiveness, originality, and universal appeal in relation to grade level.
