How Many Decorated Rain Barrels Can You Find?

Twenty amazing rain barrels - embellished by local artists and groups of all ages - are on display throughout the Boroughs of Stroudsburg and East Stroudsburg. This map shows you how to find them. You and your family are invited! Take the self-guided tour, and learn what makes rain barrels such a useful and fun tool for water conservation. Find each rain barrel in numerical order (you will need a navigator) and check each one off on this map!
