

HPAI Producer Response Work Plan

*Important information for completing the USDA Flock Plan
and preparing for Highly Pathogenic Avian Influenza*

Please send a copy of this completed two-page document to your integrator, if applicable, and to:

Pennsylvania Department of Agriculture
Deputy Secretary Gregory Hostetter
2301 N. Cameron Street
Harrisburg, PA 17110
RA-ahds@pa.gov

Collecting this information will assist you with completing the USDA Flock Plan. Sending it to us will help us better respond in the event of an outbreak on your farm.

1. Premises Owner:

County:

Address:

Phone and Email:

Premise ID Number:

To register your operation, visit www.agriculture.pa.gov under “Avian Influenza” or call the department’s Bureau of Animal Health and Diagnostic Services at 717-836-3235.

2. Poultry Owner:

Address:

Phone and Email:

3. Poultry type and amount:

Your planned actions if HPAI is found on your farm:

1. Depopulation – What is your preferred method and alternative method?

2. Disposal – What is your preferred method and alternative method?
While composting is a preferred method of disposing of mortalities, we understand that in some cases mass burial is necessary. If burial is used, reference erosion and sedimentation plans and complete to waive the one-acre disturbance permit otherwise required by the Pennsylvania Department of Environmental Protection available on www.agriculture.pa.gov.

3. What resources are available on your farm to accomplish depopulation and disposal?

Labor:

Equipment:

Water:

Compost material:

Other:

To report suspicious or clinical signs of High Path Avian Influenza, call the department's Bureau of Animal Health and Diagnostic Services at **717-772-2852**.

Contact your nearest laboratory in the Pennsylvania Animal Diagnostic Laboratory System (PADLS) for testing samples from your flock:

New Bolton Center
University of Pennsylvania
382 W. Street Road
Kennett Square, PA 19348
